Dear all

Eve of Merdeka

DAY TRIP to DEERLAND & KUALA GANDAH ELEPHANT SANCTUARY

Our planned trip to Eagle Ranch in Port Dickson has been postponed to year end  as it was fully booked. However, we will still have a destination to go!

Deerland

Get up close with nature in this pristine environment, where animals wander freely. Take snapshots of interesting flora and fauna, as you discover much more. Or be adventurous and swing across the river using tightly knotted ropes. A 200-metre wooden walkway runs through this area, leading up to an observation tower in the middle of Bukit Rengit. Have lunch by the riverside and simply just chill out taking in the beautiful scenery. Feed the monkeys, deer, snakes, ostriches, sun bear named Muda and be adventurous! (This is the closest encounter you'll get to being one with nature). Have fun!

Kuala Gandah Elephant Sanctuary

This truly unique Elephants of Kuala Gandah will give you a very rare opportunity to learn about these displaced gentle giants, and also the chance to ride them through the jungle, with the help of an elephant guide, or mahout.

For the brave & adventurous, there are opportunities to take the elephants down to the river & help give them a bath! There really is no better opportunity than to get in touch with these grey giants.
